

Introductory Survey – Grade 9

Please tell me some things about yourself so that I can do a better job at teaching you Math!!!

Given Name: _____

What name do you prefer to be addressed by? _____

Pronoun of choice? (He, she, they, other?) _____

What do you do outside of school (i.e. sports, hobbies, jobs, video games, etc.)

Please rate your current enjoyment level of mathematics on the following scale:

0 - no enjoyment

| | | | | | | | | | | |
|---|---|---|---|---|---|---|---|---|---|----|
| 0 | 1 | 2 | 3 | 4 | 5 | 6 | 7 | 8 | 9 | 10 |
|---|---|---|---|---|---|---|---|---|---|----|

10 - favourite subject

I gave the above rating because... (please be honest)

I learn best when.... (on my own, in groups, hands on, textbook, anything you can think of that helps your learning experience)

Areas that are *strengths* for me are...

(Writing, drawing, speaking, mental math, list anything you do well or like)

Areas that I *struggle* with are...

(Writing, drawing, speaking, mental math, list anything you don't feel you do well or do not like)

Is there anything else I should know about you that would make your learning experience better?
