Earth Day History

Website - official

OUR HISTORY

1970

The first Earth Day mobilizes 20 million Americans to call for increased protections for our planet

1990

Earth Day goes global, mobilizing 200 million people in 141 countries

2000

Earth Day leverages the power of digital media to build millions of local conversations across more than 180 countries

2010

Earth Day Network launches A Billion Acts of Green® and The Canopy Project. Earth Day 2010 engages 75,000 global partners in 192 countries

2020

Earth Day 2020 marked 50 years with global activations that aim to mobilize a billion people worldwide for transformative action for our planet

Earth Day Scavenger Hunt

Earth Day Scavenger Hunt

Wednesday, April 21, 2021 10:01 PM

The rules for the scavenger hunt are simple, you must take a picture of the SIX items listed below, you may NOT use internet photos. The items required may be outside of your house, so dress appropriately for weather.

Before you go out to find the scavenger hunt objects, please do the following:

- Make a list of what you are looking for on scrap paper, so you don't have to come back to your computer too often
- Find a small object, coin, action figure or piece of paper with your name on it, that can be put in each photo, to validate it is not an internet photo (this is an important step in the credibility component of doing science research)
- Place your small object in a corner or somewhere not too obvious before you take your picture
- When you have all of your pictures, return to your computer and upload them to this OneNote file

Objects to photograph for the Earth Day Scavenger Hunt

1. Something recyclable (pop can, cardboard, etc.)
2. Something that is the colour yellow
3. Green grass or tree bark (outside)
4. Three old leaves arranged in a pattern
5. Two rocks (small) stacked on top of each other
6. A shadow on the ground or wall

All photos will be submitted in OneNote.
